

ANNUAL **REPORT**

2022

www.scatterjoyacres.org

While reflecting on the past year, I realized some things never change at Scatter Joy Acres. Every year we recognize our accomplishments and celebrate our incredible core of staff, volunteers, and supporters. And 2022 was certainly no different! I am pleased to present our 2022 annual report, which will offer you a glimpse of some of those accomplishments and the businesses, foundations, and individuals we would like to recognize and thank. While many things remain the same (our community of supporters and our consistent lifesaving results), many things do change. Every year the number of lives changed grows; the end of 2022 marked 10,541 lives were touched by our animal assisted therapy program. Every year our programs grows, providing more outreach, education, animal assistance therapy, and community resources. We've been part of an increasing number of collaborations with other organizations, quickly making Scatter Joy Acres (SJA) one of the best places to provide animal assisted therapy in the surrounding Omaha area! It is only with your ongoing support that we will be able to continue providing individuals, and animals a second chance at life. On behalf of all of us here, I thank you for your commitment to giving to our program that gives many an opportunity to make a change in their life, now and in the years to come!

Joy Bartling
Founder/CEO

Animal Assisted Therapy

Identifying with the animals at Scatter Joy Acres helps the Clients feel safe. When we explore how our abused animals have learned to forgive and overcome their pasts, the animals become role models helping the client reach their goals of surpassing their pain and reaching for a brighter future.

We believe that animals can provide unconditional love, kindness, and a non-judgmental attitude to all. The animals at Scatter Joy Acres have so much love to give back, and we believe they are perfect for people with that are needing a safe place to work on themselves.

Scatter Joy Acres environment is safe and quiet, giving our clients the freedom to be themselves, and the room to explore at their own pace. The animals teach forgiveness, love, trust, and a sense of responsibility. Every person coming through the gates of Scatter Joy Acres deserves a second chance. We pride ourselves in being an open to taking in every person that comes to us and giving them a second, and sometimes third or fourth, chance.

We need strong donor-support programs to operate successfully, and Scatter Joy Acres, relying on support from grants, fundraisers, and donations, is no exception. Through workplace matching gifts and our monthly donor program. At the ranch, the animals serve as an integral part of the on-going mission of providing therapeutic interaction for developmentally disabled and autistic children, seniors, veterans, and at-risk children.
